Daly City's Job--Civilian Defense

Daly City Record

DALY CITY, SAN MATEO COUNTY, CALIFORNIA. Published Wednesday WEDNESDAY, DEC. 10, 1941 VOLUME 37, NUMBER 44

Task Before Us Has Four Aspects

(Editorial)

America is at war! Daly City must take its place in the national picture. Our immediate job, primarily one of civilian defense since this is a residential community, must be carried out thoroughly and with dispatch. Detail of our task can easily fall into four classifications:

1. Mayor John J. Fahey sounded the keynote of our responsibility in his Emergency Proclamation Monday: ". . . remain calm and pursue the ordinary course of business."

2. Register for civilian defense service at the city hall, and prepare ourselves to carry out efficiently whatever tasks are assigned.

3. Maintain a wholesome attitude and a high morale.

4. Watch details that are extremely important during this emergency: keep off the telephone, keep off the streets, obey blackout orders.

In conclusion, let's be true Americans and live by those principles which make our great country "The Land of the Free and the Home of the Brave."

Bodien Designs Lethal Chamber for Pound

Designed by Arthur J. Bodien, superintendent of the Daly City Water department, and approved by the Society for the Prevention of Cruelty to Animals, a lethal chamber for execution of stray animals has recently been added to the equipment of the Daly City pound.

Bodien designed the chamber for the primary purpose of eliminating the necessity of repeated trips to San Francisco by the poundman each time the destruction of a stray animal was re-

CONGRATULATIONS!

Twelve Gain U. S. Citizenship

Twelve local people have become United States citizens in the past few months, according to an announcement made this week by Dietrich Vollbrecht and Jack Chapman, instructors of the naturalization class at Jefferson Union high school, night division. All were members of the night school classes.

The list who have become citizens includes: Mrs. Isabella Anderson, Mrs. Susan Craig, William Craig, Robert Fincham, Mrs. Apollonia Firpo, Stephen Handie, Mrs. Mary Kapor, Frank Lane, Mrs. Lucy Miletak, Federico Rovere, Mrs. Josephine Tesene, Mrs. Mimi Veronello.

Vollbrecht pointed out that all people who are not yet citizens are urged to immediately attend the naturalization and Americanization classes, each Tuesday and Thursday evenings, at the high school.

The Americanization and naturalization classes plan to celebrate the one-hundred-fiftieth anniversary of the Bill of Rights with an educational film on Tuesday evening, December 16, during their regular class period.

W. H. Clay Resigns As City Judge

The city of Daly City accepted the resignation of Wade H. Clay as city judge, at a special council meeting, called last Tuesday evening. The judge, in ill-health for several months past, will be temporarily replaced by John J. Fahey jr., who was sworn into office at the special session. Fahey jr. accepted the appointment only on condition that when Judge Clay was able to return to his duties that the office should be open for him.

In addition to his city appointment, Fahey jr., Monday, re-

JOHN J. FAHEY, Jr.

ceived a communication from Phil S. Gibson, chief justice of California, and chairman of the judicial council, authorizing him to sit as justice of the peace for this township, San Mateo County Township No. 1.

In resigning from judicial duties, Judge Clay consummates six years of service in the city and many years of unfailing devotion to the problems and legal affairs of the community and township. He is widely known both in high judicial circles and to a multitude of people in the Bay area.

Judge Clay is noted for possessing a keen sense of understanding and sympathy with the problems confronting the people who have appeared in his court, and his kind consideration in discharging his judicial duties has won for him many friends and admirers.

Judge Clay experienced a distinct honor, last March, when his court was classed as a class "A" court of the first township in the county by order of the superior court. At the time, the township within Judge Clay's jurisdiction

Volunteer Now!

Never before has a need in Daly City been so great as the need for volunteers for civilian defense duty at the present time. Registration headquarters have been set up in the basement of the city hall, 75 Wellington avenue. The Daly City Civilian Defense council urges every citizen who can, both men and women, to register at the city hall as soon as possible.

Registration can be made at any time of the day or night. If there are any questions about registration, go to the police department.

The Civilian Defense Council also urges all who own cots, bedding, and mattresses and are willing to lend them. Notify the Civilian Defense Council and they will be called for, marked, and returned at the end of the emergency.

All Christmas Events To Be Held

War or no war, Daly City intends to have itself a good Christmas. All community events listed in The Record, last week, will be held. Schools will remain in session until December 19, as originally planned. Both Principal James Ferguson, Jefferson Union high school, and R. L. Crane jr., district superintendent of grammar schools, announced yesterday that classes will meet "as usual," and holiday affairs arranged for the various classes will go through on schedule.

The community theatre party for local children, December 22, will feature a thrilling western, "Westbound Mail" and several shorts, including "Diving Thrills," "Ice Capers," "Happy Holidays" cartoon, 'Pooch Parade," and a Three Stooges comedy, "A-Plumbing We Will Go." In addition, the Cowboy band of Jefferson Union high school will present several songs and instrumental numbers. Miss Rose will have a number of her dancing class pupils perform. Doors at the theatre will open at 1 p. m.

Candy is to be handed out by the P. T. A. representatives. Mrs. Marie Burton, head of the Daly City WPA Recreation department which is supervising the event, asked today that any individuals

Speed Up Defense Activity in County

Defense activity in San Mateo county was thrown into high speed this week following the declaration of war with Japan, and all defense organizations began full time operations, it was reported by A. H. Quirmbach, Daly City's representative to the county defense council after an emergency meeting at San Mateo, Monday night.

Quirmbach stated that the county group would this week submit a list of recommendations to the local defense councils throughout the county with regard to city programs. After Quirmbach made a report to the county conference on the progress of Daly City's civilian defense council, it was learned that Daly City was in stride with other local defense organizations in the county.

City Council Hears Petition for Lights

Daly City city council held their regular meeting, Monday, following a conference of the civilian defense council. Upon reading communications, a petition was presented to the council to place street lights at the northwest corner and southeast corner of Westlake avenue and Mission street.

Following a report by the city engineer on street improvements and sewer work, the council passed a motion authorizing the second payment to the contractor for the sewer work.

The council donated $15 from the treasury to the San Mateo County Tuberculosis association.

The council voted to meet in an adjourned session, next Monday.

To Build Two New Firehouses

Construction of two new fire stations in Daly City is expected to get under way soon with bids for the contract closing on December 15. The buildings will house three new pieces of fire-fighting apparatus which has recently been purchased by the city. One of the new buildings will be erected at the corner of Santa Barbara and Parkview avenues, while the other fire station will go up on the corner of Roosevelt and Peoria streets.

The one-story buildings will be

Code of Behavior

The citizens of this community can co-operate greatly with the civilian defense council in Daly City in preparing against wartime disaster by following these simple rules:

1. Be calm and pursue the ordinary course of business.

2. Avoid the use of telephone communication as much as possible.

3. Do not congregate around scenes of disaster unless you are specially detailed by authorities to do so.

4. Avoid the use of autos as much as possible, and help keep the roads clear for police, fire departments, doctors, ambulances, and all other relief agencies.

Conference To Be Held Each Night

With the official declaration of war on Japan, Monday, the Daly City Civilian Defense council swung into action on a war-time basis this week. After reports of Japanese bombings of United States military bases, Chairman Arthur Bodien called a special meeting of the civilian defense council, Sunday night, on short notice, and it was agreed at that time that a conference be held each night until the war-time defense plans in Daly City have been properly launched.

Although registration of volunteers for civilian defense duty is increasing rapidly, the defense council, in Monday's conference, expressed the need for many more. Registration can be made at any time of the day or night in the city hall for both men and women.

The public was urged by the committee, primarily, to keep calm in any event, to avoid the use of telephone communications as much as possible, especially to the city hall, and to stay off the streets in case of an emergency. Fire Chief A. P. Chesney requested all people who were not connected with the fire department to stay away from fire calls, and refrain from congregating around fires to avoid congestion of any kind. Chief Chesney announced that the fire department would be instructed in the handling of incendiary bombs and fires, since he, with Bodien, was instructed in this work at Reno, Nevada, earlier in the year at a meeting of fire chiefs.

It was further ordered that the enforcement of blackout rules should be brought about through the police department. Daly City witnessed the first blackout of the war, Monday night, when the Bay area was blacked out by order of the San Francisco information center, and the order was received by radio through the Daly City police department.

Joseph Sarto, operator of the Villa hospital, pledged full support through the use of the clinic with a staff of nurses. Sarto suggested that the council maintain a list of all local physicians and surgeons. Hospital facilities, however, would probably be set up in local schools in case of an emergency, it was learned. Sarto drew up a list of hospital and medical supplies such as bandages, surgical supplies, disinfectants, and a purchase for these supplies was made.

Red Cross committees reported need for volunteers to serve on survey committees, rescue committees, and committees for medical aid, food, shelter, clothing, and transportation.

James G. Reardon, chief of the Daly City police department, announced that the department will function under the instruction received at an FBI defense course, last week. Instruction in civilian maneuvers during war times were given at the meeting by FBI agents who have made a study of London experiences.

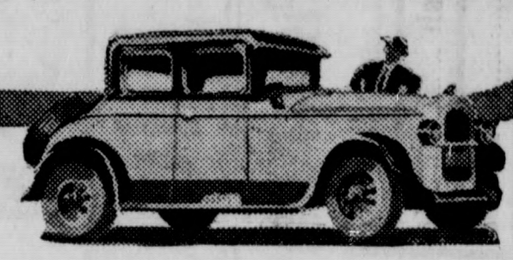
Take a tip from the Old-Timers



TRAVELING around town here, you'll find Buicks that are still in service after six, eight, ten or even more years.

It's worth noting that these sturdy old Buicks are *still serving faithfully and well*, for several reasons.

They have the same basic type of engine as the sleek 1942 Buick – a rugged, long-lived, extra-efficient valve-in-head, though it is now made better by FIREBALL combustion.

They have the same dependable drive – a stout torque tube encasing a sturdy steel shaft stretching its unbroken length from transmission to rear axle.

Frames are fundamentally the same now as then; brakes, though hydraulic now, use the same, efficient, self-energizing action.

All the factors that make for strength and long life are still present – *plus* such further advances as all-coil springs, Domite pistons that squeeze more good from gasoline, Compound Carburetion† that spells peak economy with unmatched reserve power.

There's more comfort, more convenience, more beauty, more value in these '42 models.

But what counts is that they're still Buicks – tough, rugged and dependable.

Take a look at what your next car is likely to be up against and ask yourself if that isn't the kind of car it's smart to buy right now.

†Available at slight extra cost on Buick SPECIAL models, standard on all other Series.

MUSIC

Jan Peerce Concert Tonight

Jan Peerce whom San Francisco launched on his meteoric career as a great operatic tenor, is the second attraction on the concert series of the San Francisco Opera company, appearing tonight, December 10, in the War Memorial Opera house.

Although Peerce had become a distinguished radio singer in New York, it wasn't until last summer that he got his first big break in grand opera when Gaetano Merola, general director of the San Francisco Opera company, selected him for the tenor role in the summer Hollywood bowl performance of "La Traviata."

Lions Win Over Universal Press In Daly City Bowling League, Friday

Daly City-Colma Lion bowlers upset the dope bucket in the Daly City bowling league, winning a 2 to 1 series from the league leading Universal Press, Friday night.

Daly City Cleaners were victorious over the Eagles, Milo's Market won over Curry's Barbers, and Conci's Shell Service defeated the Sheriff's Office in other results.

The Sheriff's Office holds high positions in team singles and team series averages, while Nate Pearlman of Curry's Barbers still monopolizes individual averages by virtue of his 250 game performance of two weeks ago.

Next week the Lions will roll with Milo's Market in alleys 1 and 2; Curry's Barbers challenge Universal Press in alleys 3 and 4; the Eagles and Sheriff's Office tangle in alleys 5 and 6; and Conci's Shell Service meet the Daly City Cleaners in alleys 7 and 8.

The standings:

Lions Hear Professor King At Joint Meeting

In honor of Dr. Courtice Swallow, district governor of the Lions club, Daly City and Colma Lions attended a joint luncheon with San Francisco and peninsula chapters, last week, at Ye Olde Colonial restaurant. Lions clubs attending were San Francisco, West Portal, South San Francisco, Palo Alto, and the local chapter.

Feature of the afternoon was an inspiring address by Val King, professor of public speaking and parliamentary law at the University of San Francisco.

"America, What Now?" was the topic of Professor King's talk, in which he illustrated how the small business man in America today is the root of real freedom, "the foundation of this democracy that we are striving so hard to maintain."

The final abode of freedom and democracy is the American Home, Professor King illustrated. He further showed the possibility of destruction to the sanctuary of the American home by the victor of the Labor-Industry battle, should small enterprise be destroyed.

"You men, with your interests rooted deep in your own community," declared Professor King, "must study policy and program with this question in mind: what effect will this have on American freedom of small business, and what does it do to the American home?

"Those two freedoms are absolutely essential to all we are working for, sacrificing for, and ready to defend with our lives. We do not intend to hand over America to the Labor Boss or the Big Industrialist. We do intend to preserve the freedom that makes independent small business possible, for that freedom is blood brother to the freedom that keeps the American Home the noblest of a democratic nation that the world has ever seen."

Charles Nicholas, West Portal Lion, was chairman of the luncheon, which was attended by 200 members. The luncheon opened with the singing of "God Bless America," which was followed by a talk by Doug Mantell, well-known sports announcer, who gave a jocular account of the "inside story" of the Big Game. Humorous stories were also told by Tom Atkins, first vice president of the San Francisco club, and Dr. J. C. McGovern of the Daly City club.

Dr. Jessie West, president of the West Portal club, introduced Professor King, the main speaker of the day.

Daly City-Colma Lions succeeded in winning five prizes and Tail Twister Al Harrison boosted the amount in the treasury in collecting a number of "fines."

Bodien Designs Lethal Chamber for Pound

(Continued from Page 1)

quired. The chamber is located at the Daly City pound.

The structure is made of boiler plate, and carbon monoxide gas is used in the execution. A Chrysler motor is mounted on a stand near the chamber, and the gas from the motor exhausts into a boiler which contains eighteen inches of water to cool the exhaust. The gas proceeds into a filter chamber, where all smoke and oily substance is removed from the gas. The filter chamber is scientifically arranged with perforated baffle-plates and filled with cotton batting.

Pure carbon monoxide is discharged into the chamber from the filter.

Charles W. Friedrichs, secretary and manager of the San Francisco Society for the Prevention of Cruelty to Animals, after a recent investigation of the chamber, wrote a letter of approval of the structure, and congratulated Bodien on his designing job.

W. H. Clay Resigns As City Judge

(Continued from Page 1)

was the only class "A" township in the county.

Judge Fahey, in succeeding Judge Clay, possesses a background of ten years in the practice of law, having been admitted to the Bar in 1931. For the past six years Judge Fahey has been in the employ of the federal government as supervising conciliation commissioner in Northern California. Appointed by United States district judges, he has served in an advisory capacity to the conciliation commissioners of the 41 Northern counties of the state.

Judge Fahey is a lifelong resident of this community, having been born in what is now Daly City. He received his early education in San Pedro school and attended South San Francisco high school.

After graduating from high school, the new judge of Daly City entered the University of San Francisco. He received his bachelor of science degree in 1929, and was awarded the degree of bachelor of law in 1931. Both of these degrees were from the University of San Francisco.

After setting up a private practice following graduation, he was appointed to the post of deputy clerk of the United States district court. He held this position until he was named supervising conciliation commissioner for Northern California in 1936.

In accepting the office in the municipal court, Judge Fahey announced to the city council that he would accept the office upon the condition that it be temporary, pending the return of Judge Clay; that, when Judge Clay had regained his health and strength to the extent that he could again resume the duties of the office of city judge, and desired to do so, Judge Fahey would tender his resignation, so that the way would be open for the re-appointment of Judge Clay.

"I want to express my appreciation to the city council for this appointment," stated the new judge. "I regard the appointment as a distinct honor, and I assure the council that they will never regret this decision because of any action on my part. I will discharge the duties of this office to the best of my ability."

Among the cases treated at Junipero Serra hospital in the past week, two were Daly City and Colma cases.

D. Machevello, Colma, was treated for a knife wound in the right arm.

Louis Napolsky, San Francisco, was treated at Junipero Serra hospital for a sprained left shoulder which he received in an automobile accident.

Dr. L. Brickman, San Franeisro, received a fracture to the right arm when he fell from a horse.

Miss Ruby Goldaber, San Francisco, was treated at Junipero Serra hospital after an automobile accident.

Mrs. Hilda Hoskelis, San Francisco, was treated for a fractured right ankle which she received in an automobile accident.

House of Cotton

The Farm Security administration is conducting experiments in the use of cotton as a building fabric. A house has been erected in Coffee, Ala., with roof and walls covered with cotton duck. The material is nailed to a smooth backing of plywood, plaster or composition board. It is painted with a mixture of white lead and linseed oil. The cost of such a house, including modern plumbing and electric wiring, is only about $1,350.

To Build Two New Firehouses

(Continued from Page 1)

finished on the outside with stucco and the inside will be done with sheet rock. Three sections will be built, with an apparatus room in the front and a meeting room and a kitchen in the rear.

According to the floor plan of the apparatus room, this section will be 33 feet long and 30 feet wide. Designed with the latest firehouse equipment, the apparatus room will be equipped with a new feature in a built-in heating system with a switch placed directly underneath the motor of each fire truck for the purpose of keeping the motor warm, eliminating any delay in starting the motor of the truck. Ceiling height of the apparatus room is 13 feet, with stairs leading to the kitchen. The kitchen dimensions are 7 feet by 14 feet, with adjoining pantries and tiled lavatories.

At the rear of the structure is a meeting room which is 17 feet in length, and it takes up the 30 feet width of the building.

Plans were designed by Birge M. Clark, San Francisco architect, and both buildings will coordinate with the uniform plan.

Supervising the construction of the two structures will be Peter Kelly, city building inspector. The two fire stations are scheduled to be completed by April 15, 1942.

San Franciscan's Trial Set for Dec. 16

Entering a plea of not guilty to a charge of drunken driving in the local traffic court, Charles J. Lobdell, San Francisco, will appear before a jury in Daly City in a trial that has been tentatively set for Tuesday, December 16 at 10 a. m.

The defendant was arrested by Sergeant W. W. Sunderland of the Daly City police department on October 11, and the trial is an ultimate result of an automobile accident which involved Lobdell, his machine having crashed into a car driven by Celestino Alfafaro, San Francisco. The collision occurred as Alfafaro was crossing Mission street from Liebig street to Templeton avenue. The extent of damage in the collision was, fortunately, limited to property damage, and Sergeant Sunderland took Lobdell into custody at that time at the request of Alfafaro.

Book Wear and Tear

V. J. McHenry, who annually supervises the renewing of the 3,000 library books at the University of California, reports that it is always the first 20 pages of a book that suffer the greatest damage due to the efforts of students to concentrate on them. The middle and the end rarely ever have to be renewed.

Classes

SENIORS

Well, they finally arrived, that is most of them—The senior sweaters are what we mean. The high seniors received their sweaters and can be seen walking around the old school house as proud as punch.

The others are expected to have their sweaters in a short time. They are being held up because of the senior blocks which have to be made.

Dates of importance for the high seniors are as follows: senior jinx full run moving picture, January 12 and 13; senior ball, January 23; graduation, January 28.

Patrons and patronesses at the dance will be announced by the ball committee next week.

The senior edition is being rushed together and made ready for the press. There is still lots of work to do on the issue before it can be distributed to the students. Staff will be announced by Clive M. Saiz in the near future.

Thirty-two seniors traveled to San Mateo junior college, last Wednesday, for their annual inspection tour. Each semester the junior college invites the seniors of the different San Mateo county schools to spend a day at school with them.

This year, the students were divided into four classes, science, art, commercial and undecided. During the morning the students in the science class went to the new science buildings while the others went to their respective buildings.

At noon a box lunch was served and a dance held in the gym for all the visitors.

SNO-HOP

Orchids are in order for members of the entertainment committee for the huge success of the Sno-Hop. Everyone termed the dance as a "huge success." The auditorium was decorated with greens galore. In the center, on a platform, was a Christmas tree decorated with tinsel and two smaller trees decorated the stage. Hanging from the ceiling and around the sides of the room were huge red bells.

For the first time in many a year, the entertainment committee sold refreshments during the intermission.

ASSEMBLY

Dr. Milton Silverman, science editor of the San Francisco Chronicle and author of a recent best seller, was the guest speaker at yesterday's assembly. His talk was about science and its application to modern life.

BIRTHDAY

Happy Birthday To You!

These were the words expressed, all day Monday, by the members of the faculty and student body as Principal James Ferguson celebrated his birthday.

The faculty presented him with several new books.

Seventh period went down to defeat at the hands of the fifth period eleven in a last week's game. Score stood 12-0 at the end of the last quarter.

G. P. A. L.

Girls of the G. P. A. L. announced the following proposed amendments to the G. P. A. L. rules: "Girls' blocks shall be awarded upon the earning of one hundred and fifty points according to G. P. A. L. rules.

"The block "J" card will be given when the girls earn two hundred and fifty points, according to the G. P. A. L. rules.

"Individual sport awards — these awards will be of felt and will be about four inches in height. The girls may earn only one of these sport awards a semester and should participate in a majority of quarters of the games. If the girl plays the same sport at another time in her four years she will receive, instead of a felt award, a chevron."

Smoking Dog

One of the reasons Spokane County Superior Judge Fred Witt would not consider appointment to the Supreme court for which he was recently prominently mentioned was that his wife preferred to remain in Spokane. And one of the reasons that Mrs. Witt preferred to remain in Spokane was that she feared the change of climate might not be good for her 10-year-old pet fox terrior Tiny. Tiny is a fastidious animal in that he cannot start the day, Mrs. Witt says, without a cup of coffee well seasoned with sugar and cream, after which he demands a cigarette.
